

Learning Support at Archbishop Wood High School

At Archbishop Wood High School we strive to meet the needs of all learners, including those who previously had 504 plans, IEPs, Gifted IEPs, and/or any other type of learning issue. We make accommodations to ensure our students are fully included and supported in the general education classroom. We empower our students to become independent learners and self-advocates. Our individualized levels of support offer multiple pathways for students to develop the academic confidence necessary for success in college and beyond.
